

Assigning Roles to Touch Function Gestures

Pressing and holding the **DISP/BACK** button displays a dialog where you can choose the roles assigned to touch function gestures.

- 1 Press and hold the **DISP/BACK** button until a control selection menu is displayed.

 Button assignments can also be selected using  **BUTTON/DIAL SETTING > FUNCTION (Fn) SETTING**.

- 2 Highlight a touch function gesture and press **MENU/OK**.
- 3 Highlight any of the following options and press **MENU/OK** to assign it to the selected control.
