

## The Focus-Point Display

The focus-point display varies with the option selected for AF mode.

 Focus frames are shown by small squares (□), focus zones by the large squares.

AF mode		
 SINGLE POINT	 ZONE	 TRACKING
		
Number of points available can be selected using <b>AF/MF SETTING &gt; NUMBER OF FOCUS POINTS.</b>	Choose from zones with $7 \times 7$ , $5 \times 5$ , or $3 \times 3$ focus points.	Position focus frame over subject you want to track.
