

## Touch Controls for Focus Zoom

Different touch controls are used during focus zoom (focus check enabled).

### Central Area

Tapping the center of the display performs the operations below.

Mode	Operation performed
AF	<b>SINGLE AF:</b> AF
	<b>MANUAL FOCUS:</b> Instant AF
AREA	<b>SINGLE AF:</b> AF
	<b>MANUAL FOCUS:</b> Instant AF
OFF	<b>SINGLE AF/MANUAL FOCUS:</b> OFF

### Other Areas

Tapping other areas simply scrolls the display, whether during still photography or movie recording and regardless of the option selected for touch screen mode.
