

**Focus Mode C (AF-C)**

Option	Description	Sample image
 <b>SINGLE POINT</b>	Focus tracks subject at selected focus point. Use for subjects moving toward or away from camera.	
 <b>ZONE</b>	Focus tracks subject in selected focus zone. Use for subjects that are moving fairly predictably.	
 <b>TRACKING</b>	Focus tracks subjects moving through wide area of frame.	
 <b>ALL</b>	Rotate the rear command dial in the focus-point selection display (70, 71) to cycle through AF modes in the following order:  <b>SINGLE POINT</b> ,  <b>ZONE</b> , and  <b>TRACKING</b> .
