

HDMI TIME CODE OUTPUT

Choose whether time codes are output to HDMI devices.

Options	
ON	OFF

TIME CODE SYNC. SETTING

Choose whether to synchronize time codes with an external device.

CONNECT TO ATOMOS AirGlu BT

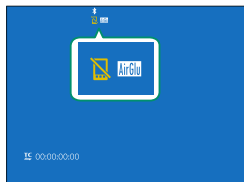

If **ON** is selected, the camera connects with paired external devices and synchronizes time codes. Because simultaneous connection with a smartphone is not possible, the smartphone icon is displayed in the yellow on the screen.

Options	
ON	OFF

PAIRING REGISTRATION

Pair the ATOMOS AirGlu BT and camera.

- If the camera connects with the ATOMOS AirGlu BT, an icon appears on the screen.

- The pairing with the ATOMOS AirGlu BT can be ended using **Bluetooth/SMARTPHONE SETTING > Bluetooth DEVICE LIST** in the network/USB setting menu.
