Bracketing
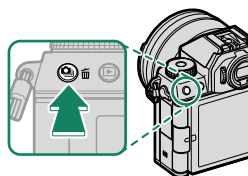

Automatically vary settings over a series of pictures.

1 Press the ⚋ (drive) button to display drive-mode menu.

2 Press the focus stick (focus lever) up or down to highlight one of the following:

Option	📖	Option	📖
ISO ISO BKT	111	**BKT** Bracketing	112
WB WHITE BALANCE BKT	111		

3 Press the focus stick left or right to highlight the desired bracketing settings.

4 Press **MENU/OK** to select.

5 Take pictures.
